GREEN-HYDROGEN-AS-A-SERVICE

ENERGY-AS-A-SERVICE PLATFORM

Propeller CO₂ Develops
Green-Hydrogen-as-a-Service
Projects for Energy, Transport,
Utility, and Industrial
Clients Globally

P.CO₂ combines Green H₂ Tech, Finance, and Operations in a Turn-Key Solution.

GREEN-HYDROGEN-AS-A-SERVICE

WE DEVELOP TURNKEY GREEN-HYDROGEN-AS-A-SERVICE SOLUTIONS

1 Green-H₂-as-a-Service
Project Design

2 Green-H₂-as-a-Service
Project Funding

3 Green-H₂ Fuel Delivery
& H₂ Credit Collection

4 Green-H₂ Generator On-Site
Operations & Maintenance

GREEN-HYDROGEN-AS-A-SERVICE gölu-H₂

Propeller CO₂ and Gölu-H₂ have partnered to jointly Offer the Gölu-H₂ Green Hydrogen Fuel Generator through a Green-Hydrogen-as-a-Service Package to Energy, Transport, Utility, and Industrial Customers Globally.

gölu-H₂

Green Hydrogen Fuel Generator

The Gölu-H₂ Generator converts Ethanol and Water to Green Hydrogen through a Renewable Process with no external Energy Required while recycling CO₂

*Final Gölu-H₂ unit delivered may look different than above.

GREEN-HYDROGEN-AS-A-SERVICE APPLICATIONS

WITH GOLU-H₂ GREEN HYDROGEN FUEL GENERATOR WHICH WILL BE SCALEABLE AND MODULAR

Fueling Stations

Accessible, Remote, Utilize Existing Infrastructure

FCEV MD/HD Trucks

Fuel Cell Medium and Heavy Duty Trucks

Industrial Uses

Ammonia, Petroleum, Metal Production

Residential Heating

High Efficiency Heat & Power

FCEV Trains

Fuel Cell Freight, Passenger Trains

Auxiliary Power

Cargo, Military, Cruise Ships

Backup Power

Hospitals, Small Towns, Large Work Sites

Remote Generators

Servers, Oil Rigs, Remote Sites, Stores

GREEN-HYDROGEN-AS-A-SERVICE

gölu-H₂

TURN-KEY GREEN-HYDROGEN-AS-A-SERVICE PACKAGES FOR ENERGY, TRANSPORT, UTILITY, AND INDUSTRIAL CLIENTS

gölu-H₂ Package 1

Gölu-H₂ Generator comes Funded Maintained & Insured

Gölu-H₂ Generator comes Funded, Maintained and Insured at Zero-Cost Up-Front for the Client. Client Owns and Operates Gölu-H₂ Generator. Client retains all H₂ Revenue including Credits and pays a Fixed Monthly Green H₂ Fuel-as-a-Service Fee for a Set Term, which may be recovered by a range of associated H₂ Credits, Carbon Credits, and Subsidies generated by the Project.

gölu-H₂ Package 2

Gölu H₂ Delivers Green Hydrogen Fuel On-Site

Gölu-H₂ Generator comes Funded, Owned and Operated by P.CO2 and Delivers Green H₂ Fuel On-Site to Power Client Operations or to be Sold into the Market.

Client pays Zero-Up Front and Enters into a Green H₂ Fuel Purchase Agreement.

NOTES:

Green-Hydrogen-as-a-Service Packages are subject to respective Terms and Conditions and a Complete Underwriting and Diligence Review. Green Hydrogen-as-a-Service Solutions can be bundled with a Fuel Cell to deliver a Green-Electricity-as-a-Service Package.

Let's Collaborate on your Green-Hydrogen-as-a-Service Project
